

MAILBOXES

All mailboxes in Gift Plantation are of a common design and must be purchased through the Homeowners Association. Existing homeowners are asked to make their own repairs and repaint their mailbox periodically.

Here are a couple of **sheetmetal** companies on Johns Island that will make most repairs:

A&R Sheetmetal 945 Main Road (843) 559-9597

Williamson Welding 749 Main Road (843) 559-2555

Doors: If you need a new door, use the following link to purchase. These doors come with the proper hardware and are completely compatible with existing mailboxes. You will need to repaint if you install a new door (see paint color below).

For this option choose 1.5 inch and color: white

Fast Signs on Savannah Highway in West Ashley also makes mailbox numbers. Please make sure you bring a picture of your old numbers (or your neighbor's numbers) and specify white with the following dimensions: 1.5W X 1.75H

Roberts Signs on Savannah Highway south is no longer a source. They are only accepting bulk (large) orders of signs and they don't accept walk ins.

Paint color: Rustoleum dark hunter green. Can be found at most hardware stores and/or Home Depot or Lowe's.
